Founded in 1944, this family business specialises in the restoration of listed historic monuments and heritage sites. It provides masonry, stone cutting and sculpting, and roofing services.

It holds Qualibat 2194 and 3193 certification for the restoration of stonework and masonry of listed historic monuments and heritage roof restoration.

It is fully equipped to construct new buildings in traditional masonry, freestone and reinforced concrete, and is also able to carry out rehabilitation work.

The firm has highly technical expertise in heritage restoration techniques: lime plaster, colour washes, freestone, run mouldings, micro-sandblasting, gluing, laser cleaning, refacing and structural reinforcements.

Employing experienced teams of craftsmen, some of whom are members of Les Compagnons du Devoir, it is able to take on large-scale, complex sites.
