

Around the Gare de Lyon

Région : ILE-DE-FRANCE

Faubourg Saint-Antoine is one of the oldest neighbourhoods in Paris, where woodcrafters set up shop. While it remains the home of furniture-makers, the district has also attracted other firms more or less removed from this traditional craft, such as gilders and the Museum of Fairground Arts, which you will delight in discovering.

1. Les Pavillons de Bercy - Musée des Arts

Forains
