

## Savoie and Haute-Savoie

Région : AUVERGNE-RHÔNE-ALPES

When you tire of picking yourself up from skis that clearly want nothing to do with you, why not suggest to your friends to go on the EPV tour! To get the most out of Savoie and Haute-Savoie, take the time to explore all the facets of its heritage: preserved natural areas, little-known cultural heritage, listed historic monuments, traditional villages, and of course its artisans of excellence. Here you will encounter instrument-makers, ornamental ironworkers, wool-spinners, clockmakers, jewellers, and many others.
